Noble Quran Encyclopedia

Noble Quran Encyclopedia
Reliable translations of the meanings of the
Noble Quran into languages.

Application Description

**An electronic reference for free, reliable,
and advanced translations and
interpretations of the meanings of the
Noble Quran. They are prepared and
developed under the supervision of the
Islamic Propagation Office in Rabwah for
serving Islamic content in languages.**

Application Features:

**High reliability: Selecting the best
translations based on precise criteria
derived from sources respected by the
people of Sunnah and Jama'ah, reviewing
and developing them, providing new
translations for some languages, and
continuously improving them.**

**User interactivity: The ability to provide
feedback and evaluate translations to**

ensure accuracy and continuous development.

Free access: Enjoy full and free access to the translations along with the option of downloading in multiple formats.
